J.L. Wallace Awarded Contract for Construction of Ave Maria Field House

FORT MYERS, Fla. (February 10, 2010) – J.L. Wallace Inc. has been awarded a contract by Ave Maria University for the construction of the Tom Golisano Field House on the school's campus in Ave Maria, FL.

The project consists of a 38,107 SF pre-engineered structure that will house a NCAA regulation basketball court with full facilities including a training room, weight room, men's and women's locker rooms, referee dressing rooms, ticket office, concession area, administrative offices, and conference room. Also included is an extensive sitework package including storm drainage, site utilities, and a comprehensive landscaping and irrigation design. Jason P. Tramonte Architect, Inc. provided design services, Wilson Miller, Inc. is serving as Civil Engineer, Liebl & Barrow is the Structural Engineer, Kevatron Engineering, Inc. is the Mechanical Engineer, and Jewitt Engineering, Inc. is the Electrical Engineer.

Harold Morgan will serve as senior project manager with Dennis Tyeryar as superintendent and Noel Miranda as project manager assistant.

Based in Fort Myers, Fla., J.L. Wallace has provided general contracting, design/build and construction management services in Southwest Florida since 1997. The company specializes in commercial projects, including structures for retail, industrial, institutional and office use. For more information, visit www.jlwallaceinc.com or call (239) 437-1111.
