J.L. Wallace Completes Installation of Emergency Back-Up Generators at Three Lee County Schools

FORT MYERS, Fla. (April 6, 2010) – J.L. Wallace Inc. has completed the installation of emergency back-up generators at South Fort Myers High School, Dunbar High School, and North Fort Myers Academy of the Arts. All three schools are located in Fort Myers. The generators will be used to provide electrical power to the schools if power is lost for any reason. Each of the schools serves as an emergency evacuation shelter in the event a hurricane threatens Southwest Florida.

David Grossman served as project manager and Robbyn Spears was the project manager assistant.

Based in Fort Myers, Fla., J.L. Wallace has provided general contracting, design/build and construction management services in Southwest Florida since 1997. The company specializes in commercial projects, including structures for retail, industrial, institutional and office use. For more information, visit www.jlwallaceinc.com or call (239) 437-1111.
