FOR IMMEDIATE RELEASE

J.L. Wallace starts USDA project

FORT MYERS, FL. (August 23, 2012) – J.L. Wallace, Inc. is starting an interior build-out for the United States Department of Agriculture at 5691 Country Lakes Drive in Ft. Myers.

This build-out is 7,000 square feet and is a LEED Silver qualifying project with attention to locally manufactured products and low-VOC finishes. The project is expected to be completed in November 2012.

Brian Cappucci is serving as project manager with Ken Furtado as superintendent and Noel Miranda as project manager assistant. Robert Massengale is the architect with engineering services provided by Stafford Engineering.

Based in Fort Myers, Fla., J.L. Wallace has provided general contracting, design/build and construction management services in Southwest Florida since 1997. The company specializes in commercial projects, including structures for retail, industrial, institutional and office use. For more information, visit www.jlwallaceinc.com or call (239) 437-1111.
