J.L. Wallace Completes Remodel of Sam’s Club in Port Charlotte

FORT MYERS, Fla. (Oct. 7, 2010) – J.L. Wallace Inc. has completed the remodel of Sam’s Club #6445 in Port Charlotte, FL.

The project consisted of the addition of a new front entry feature and doors, renovation of photo center, snack bar, rotisserie area, store offices, membership area and all refrigeration cases. Also included was concrete floor replacement and repolishing of floors, bakery finishes replacement, remodeled tire center, pharmacy and vision center and employee breakroom. Additional renovations include parking lot and storm drain modifications, landscaping upgrades, interior and exterior painting, and signage.

Architectural design services were provided by Ronald D. Rees with engineering services provided by Kimley-Horn & Associates, Inc.

Ted Gadoury was project manager with Dick Risner as superintendent and Robbyn Spears as senior project manager assistant. This project was completed during nighttime, non-business hours which allowed the store to remain open and fully operational during construction.

Based in Fort Myers, Fla., J.L. Wallace has provided general contracting, design/build and construction management services in Southwest Florida since 1997. The company specializes in commercial projects, including structures for retail, industrial, institutional and office use. For more information, visit www.jlwallaceinc.com or call (239) 437-1111.
