Jerry Wallace Earns Certified Church Consultant Accreditation

FORT MYERS, Fla. (January 6, 2010) – Jerry Wallace, President of J.L. Wallace, Inc., has earned accreditation as a Certified Church Consultant from the National Association of Church Design Builders (NACDB).

The NACDB Certified Church Consultant (CCC) program is designed to help facilitate the education of professionals and staff in becoming church development experts.

Certification is awarded to members after an intensive multi-day training session featuring nationally recognized leaders in church lending, stewardship, facilities management, architecture, construction and project management. In addition, candidates are required to write a thesis creating expansion solutions for a church building scenario and pass a written exam. Members are originally certified for a two-year period with annual refresher courses that extend certification by two years.

Based in Fort Myers, Fla., J.L. Wallace has provided general contracting, design/build and construction management services in Southwest Florida since 1997. The company specializes in commercial projects, including structures for retail, industrial, institutional and office use. For more information, visit www.jlwallaceinc.com or call (239) 437-1111.

Based in Arlington, TX, the National Association of Church Design Builders was established to create a nationwide association of firms committed to becoming specialists in consulting, designing and building church facilities that focus on the ministry needs and styles of churches they serve. NACDB exists to educate local churches in evaluating
